EXPERIENCE

Pixel Perfect

MARCH 2024 – PRESENT

In the position of support lead, where I ensure that clients services are running as a well-oiled machine. I provide end-user support as well as technical support for cloud infrastructure. I also dabble a bit in development using various technologies.

Cenobi

AUGUST 2023 – FEBRUARY 2024

My own company where I designed and hosted various sites for small, locally owned business. I used various technologies from providers such as Google and Microsoft.

HUD Mining Equipment

MAY 2023 – JULY 2023

Working as a professional Quality Inspector, ensuring that the quality and dimensions of all manufactured parts are correct as per customer specification.
